Partnerships for the Goals

Management Approach

The company has established tax transparency practices to foster long-term trust among stakeholders through the following key principles:

1. Strict, complete, and accurate compliance with tax laws and related regulations.
2. Implementation of a clear and accurate tax management and audit system.
3. Disclosure of sufficient, accurate, and complete tax information to relevant authorities.

Relevant Stakeholders

1. Employees/Management
 - Comply with and operate in accordance with the company’s tax policies and regulations.
2. Shareholders
 - Monitor, survey, and receive information regarding the company’s tax matters.
3. Government Agencies
 - Supervise, audit, and establish tax-related regulations.
